

Peptide Nucleic Acid Services

- 99% success rate in synthesis
- 3 decades of satisfied customers
- State-of-the-art facilities
- A wide range of modifications available
- All PNAs produced in Germany

For high-quality custom PNA synthesis and exceptional customer communication, choose Intavis Peptide Services.

SINCE
1994

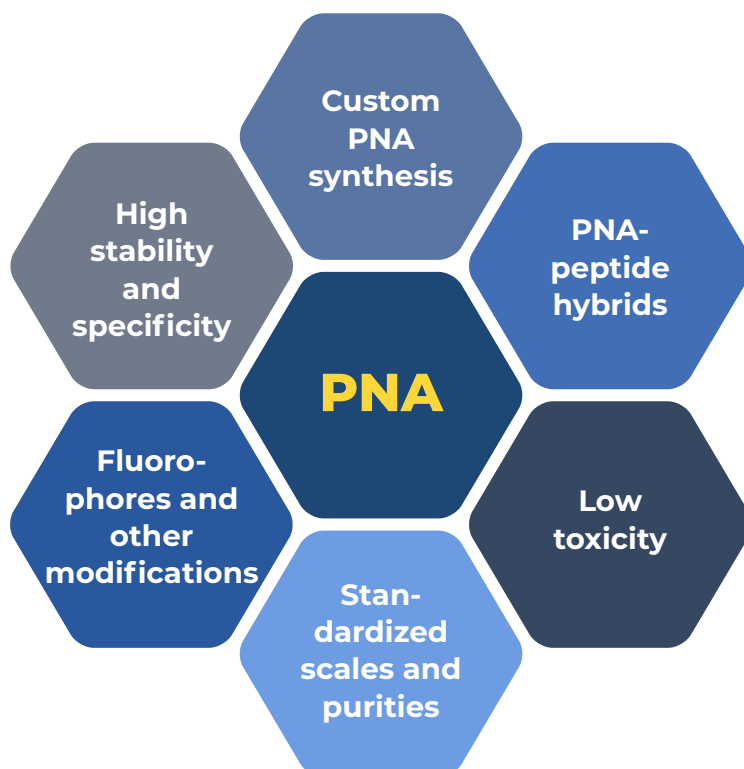

MORE THAN
3
DECADES EXPERIENCE

BASED IN
2
CONTINENTS

Peptide Nucleic Acid Application

- Biosensors
- SNP detection
- FISH probes
- Antisense and antigen therapy
- Antimicrobial agents
- Hybridization experiments

Our offering

- Custom PNA synthesis
- Synthesis scales of 30 nmol, 100 nmol up to μ moles
- Purity either >70% or >90%
- Hybrid structures of peptides and PNA possible
